

Construction Updates at Perley Health

Edition:

10

November 19, 2025

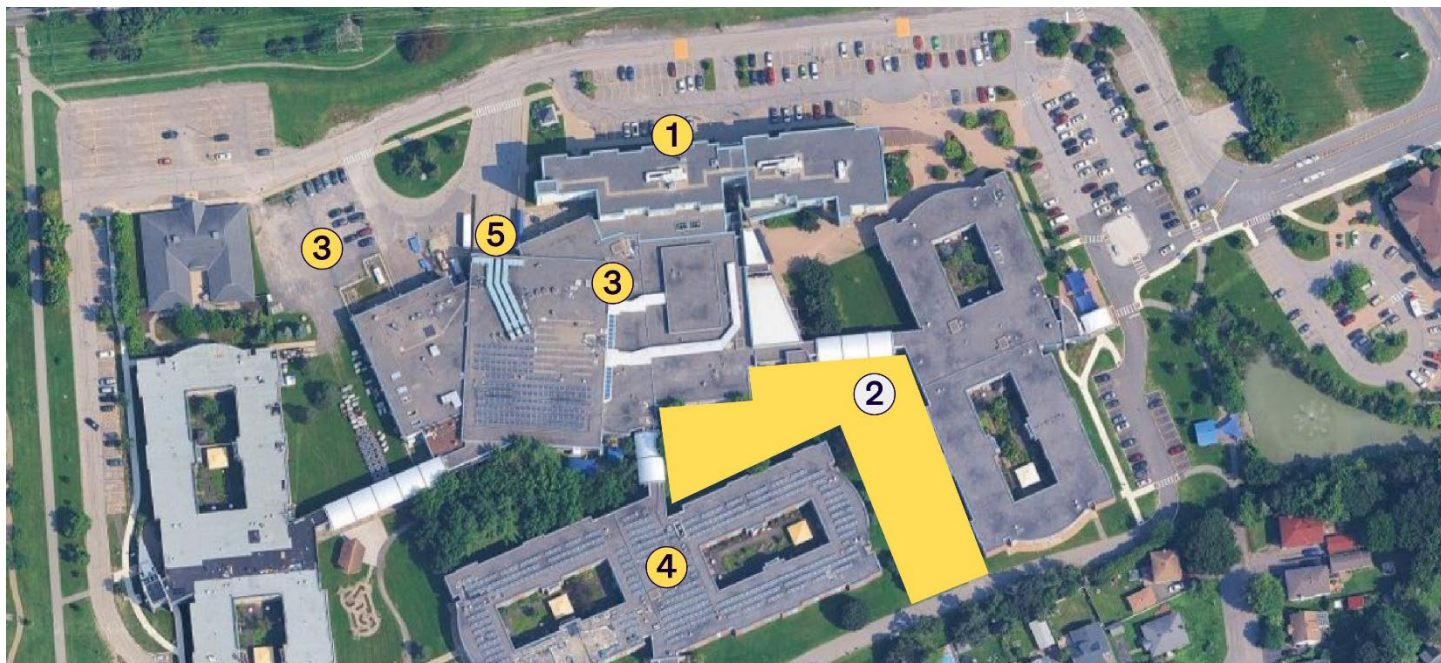

Your Safety is Our Top Priority

Your safety is paramount throughout this project. Please help us keep everyone safe by paying close attention to all signs and following all safety directions in and around construction areas.

Free hearing protection is available from the Support Services offices on the second floor of the Perley Centre for anyone affected by the noise disruptions caused by the construction.

During winter conditions, please take extra care outdoors to prevent slips and falls. Use the provided salt bins for icy areas. Wear non-slip footwear, walk cautiously using the "Penguin Shuffle," keep your hands free for balance, and stay on designated walkways.

Welcome to the tenth edition of our construction newsletter! We're here to keep the Perley Health community and the public informed on project schedules and safety measures.

In Progress

1. **EV Charging Stations:** Installation is now complete for the four EV charging stations located next to the parking spaces near the entrance to Commissionaires Ottawa Place. Commissioning (testing and setup) is currently underway, and we expect the stations to be ready for use by the end of November.

2. **Intergenerational Child Care:** Construction continues inside Perley Health and in the adjacent courtyard. For specifics, see the update below.
3. **Perley Centre Re-roofing:** This re-roofing project is ongoing and will continue as long as weather permits. **Please Note:** The staff parking lot next to Respite House remains closed to accommodate this work. Staff are asked to use other designated parking locations. Parking map: PerleyHealth.ca/map.
4. **Ottawa Residence Repairs:** Repairs are actively underway to address water damage resulting from the recent roof leak.
5. **Loading Dock Door Repairs:** Repairs are currently in progress on one of the loading dock doors.

Intergenerational Child Care Update (Project Completion: 34%)

Construction continues on the Perley Health Intergenerational Child Care centre, a program of Andrew Fleck Children's Services.

Construction Progress

Internal Area (Zone 1) Progress:

- Work continues on plumbing and fire sprinkler modifications, wall framing, and rough-in work for utilities like electrical and Heating Ventilation and Air Conditioning (HVAC).

External Area (Zone 2) Progress:

- Work is ongoing, including concrete pouring and saw cutting to prepare the concrete slab.
- Roofing is expected to be finished by mid-week. Once complete, the brickwork will begin.
- Installation of the external canopy framing will soon begin..

Temporary Closures

- **Ottawa Residence Link (Second Floor):**
 - To safely connect the new building, a protective hoarding was installed in the hallway of the Ottawa Residence second-floor link. Please note these walls will temporarily limit some of the window viewing areas on the second floor.

Stay Informed

We produce a construction newsletter every two weeks, or whenever urgent news needs to be shared.

- **In Print:** Copies are available throughout the Perley Health community.
- **Online:** Visit our website's Urgent News information page: PerleyHealth.ca/public-announcement.
- **Subscribe** to receive emails from Perley Health sharing important news: PerleyHealth.ca/public-announcement

For questions or concerns, please contact info@PerleyHealth.ca.
