

## Your Safety is Our Top Priority

The safety of residents, staff, and visitors is paramount. Please help us maintain a safe environment by obeying all signs and following safety directions in and around construction zones.

- **Winter Safety:** Please take extra care outdoors to prevent slips and falls.
  - Use the **provided salt bins** for icy areas.
  - Wear **non-slip footwear**.
  - Walk cautiously using the "**Penguin Shuffle**" technique.
  - Keep your hands free for balance and stay on designated walkways.
- **Noise:** If you are affected by construction noise, free hearing protection is available from the Support Services offices on the second floor of the Perley Centre.

We thank you, our community members for your patience and support while this work continues. And we appreciate the hard-working crews for their efforts to complete these Perley Health improvements inside and outside.

For urgent news and outbreak notices, please visit: [PerleyHealth.ca/public-announcement](https://PerleyHealth.ca/public-announcement)

**In Progress** (Note: Numbers correspond to the project map/photo)

1. **Planned Water Shutdown:** Tuesday February 24th at 11pm, we will conduct a water shutdown that will rotate through the Gatineau, Ottawa and Rideau buildings intermittently to install isolation valves.  
Water service will be restored early the next morning, Wednesday, February 25th.

2. **Intergenerational Early Learning Centre:** See the update below.
3. **Perley Centre Re-roofing:** This work continues but is subject to inclement weather at this time of year.
  - The staff parking lot next to Respite House remains closed to accommodate the work. Please use the other designated staff parking areas. Parking map is available at [PerleyHealth.ca/map](https://perleyhealth.ca/map).
4. **Ottawa Residence Repairs:** Construction repairs are underway to address water damage resulting from the Ottawa roof leak
5. **Heating Ventilation and Air Conditioning (HVAC) Enhancements:** This work continues throughout the Ottawa, Rideau and Gatineau Residences with the installation of new dampers and ceiling thermostats in resident rooms.
  - Installation takes only 30 minutes per room with minimal noise.
  - Residents and guests do not need to leave the room. Contractors work primarily in the ceiling area in the middle of the room.
  - A member of the housekeeping team will be available to assist with cleanup and resident support.

## Andrew Fleck Children's Services Intergenerational Early Learning Centre at Perley Health Update (Project Completion: 77%)

We are thrilled to share that the Intergenerational Early Learning Centre is now 77% complete.

As we move into the next phase of construction, here is what you can expect to see happening on-site between February 23 and March 13.

**Exterior Progress: Weathering the Elements:** The building's "shell" is nearing completion.

- **Roofing & Infrastructure:** Work continues on the canopy roof, and crews are beginning the installation of exterior unit sleepers on the upper roof to support essential mechanical equipment.
- **The Facade:** You'll notice significant visual changes as crews instal the glass for the curtain walls and begin applying siding at the building's elevations.

**Interior Progress: Finishing Touches:** Inside, the focus is shifting from heavy infrastructure to the finer details that will make this a welcoming space for everyone.

- **Systems & Inspections:** Crews are wrapping up the remaining "rough-ins" (electrical, plumbing, and HVAC). Once complete, the building inspectors and consultants will be on-site to conduct thorough inspections of these systems.
- **Walls & Ceilings:** Crews are busy completing the ceiling work and performing the final taping of the drywall. Crews are also installing drywall window jambs to prepare for final trim work.

## Stay Informed

Construction newsletter updated every two weeks, or whenever urgent news needs to be shared.

- **In Print:** Copies are available throughout the Perley Health community.
- **Online:** Visit our website's Urgent News information page: [PerleyHealth.ca/public-announcement](https://perleyhealth.ca/public-announcement).
- **Subscribe** to receive emails from Perley Health sharing important news: [PerleyHealth.ca/public-announcement](https://perleyhealth.ca/public-announcement).
