

# Construction Updates at Perley Health

Edition:

7

October 7, 2025

## Your Safety is Our Top Priority

Your safety is paramount throughout this project. Please help us keep everyone safe by paying close attention to all signs and following all safety directions in and around construction areas.

Free hearing protection is available from the Support Services offices on the second floor of the Perley Centre for anyone affected by the noise disruptions construction may cause.

Welcome to the seventh edition of our construction newsletter, designed to keep the Perley Health community informed on project schedules, work details, and safety measures across the campus. This update covers ongoing work on roads, sidewalks, roofing, and the exciting Perley Health Intergenerational Child Care project.

## Current Work in Progress

1. Charging Stations: Electrical work has begun to install charging stations at four parking spaces near the entrance to Commissionaires Ottawa Place.
2. Intergenerational Child Care: Construction continues inside Perley Health and in the adjacent courtyard. For specifics, see the detailed update on page 2.
3. Perley Centre Re-roofing: This project is ongoing and is expected to continue through the Fall. The staff parking lot next to Respite House remains closed to accommodate the work. Please use other designated staff parking locations (find a map at [PerleyHealth.ca/map](https://PerleyHealth.ca/map)).

## Upcoming Work

4. Temporary sidewalk repairs near Respite House will begin soon. The exact start date is to be confirmed.

# Recently Completed Work

Significant progress has been made across the campus, including:

- **New sidewalks** near the entrance to the Rideau Veterans Residence.
- **New sidewalks** installed between the front of Commissionaires Ottawa Place (1720 Russell Road) and the Staff Entrance near the loading dock.
- **Patio stones** laid near the main entrance at Commissionaires Ottawa Place.
- **Installation** of a new campus map near the entrance gates to assist drivers with navigation.
- **Landscaping maintenance** completed outside Commissionaires Ottawa Place.
- **Installation** of patio stones on island near loading dock.

## Intergenerational Child Care Update (Project Completion: 21%)

Construction of the Perley Health Intergenerational Child Care, a program of Andrew Fleck Children's Services, is moving ahead.

### Inside Work (First floor, across from the pharmacy):

- **Completed:** Interior saw cutting has finished. Thank you for your patience with the noise associated with this work.
- **Upcoming:** Excavation to install the plumbing for the centre is scheduled for the week starting Monday, October 6th, with the final plumbing installation to follow.

### Outside Work (The courtyard bordered by the Rideau Veterans Residence and Ottawa Residence):

- **Completed:** Foundation waterproofing and backfilling of material around the newly installed grade beams are complete.
- **Upcoming:** The framing installation of the steel structure is scheduled to start by Wednesday, October 8th.
  - The best location to safely view the outdoor progress is from the second-floor hallway between the Perley Centre and the Ottawa Residence.

## Stay Informed

For questions or concerns, please contact [info@PerleyHealth.ca](mailto:info@PerleyHealth.ca).

Perley Health produces a construction newsletter every two weeks, or when news must be promptly shared. This information is available in print throughout the Perley community and posted to the Perley Health website ([PerleyHealth.ca/public-announcement](http://PerleyHealth.ca/public-announcement)).
